# A Message to Parents & Guardians

Now that the school year is coming to a close, it is important to promote daily reading during the summer to strengthen your child's reading skills. Research shows that reading is the one activity most closely linked to success in school. In addition to exposing the reader to various literary genres, reading also enriches the vocabulary and introduces new information. Personal reading actively engages the mind, allows the imagination to soar, and provides countless hours of entertainment and enjoyment.

*Students entering 7th grade will be required to write an in-class response to one of the books from this list. They must complete the reading log on the back of this pamphlet and return it to their 7th grade English teacher by Friday, September 9, 2016.*

This list is also available on the  
SRMS Library homepage,  
Summer Reading link.
